EDUCATION

De La Salle University - Manila **2022 - Present**
Bachelor of Science in Computer Science Major in Software Technology

- Exchange Student at Universiti Teknologi PETRONAS, Malaysia, AY 2023-2024
- Consistent Honor's Dean's Lister, Cum Laude Standing (3.580/4.0)
- **Relevant Coursework:** Intelligent Systems, Web Development, Software Engineering (Agile), Data Structures, Human-Computer Interaction

EXPERIENCE

Unilever • *Global Customer Hub Intern* **January 2026 - April 2026**

- Engineered an end-to-end Automation-to-Report pipeline using Power Automate and VBA that reduced claim data consolidation time by 90%, **transforming a manual week-long process into a 30-minute automated task**
- Designed a centralized monitoring dashboard **unifying 18 fragmented data sources,** providing real-time visibility into claims status to streamline KPI monitoring and aged-claim prioritization
- Collaborated with the Thailand Market and cross-functional teams to map legacy workflows and **pitch a new logbook standardization process**, facilitating the seamless adoption of the automated pipeline

Animo Labs Square One Incubation Program: AKIT Beauty • *Founder* **October 2025 - Present**

- Co-founded AKIT beauty, a beauty tech startup, that empowers Filipinos through AI-driven skin and tone analysis, offering locally tailored product recommendations, and dermatologist consultations

AI for Asia Fellowship 2025 • *Fellow* **October 2025 - November 2025**

- **Selected as one of 55 fellows across ASEAN and among 11 representatives from the Philippines**
- Developed and presented a capstone project on AI governance, proposing policy recommendations for the application of AI in the education sector

Bank of the Philippine Islands STELLAR IT Internship • *ISG-TBM Summer Intern* **June 2025 - August 2025**

- Developed a Personal Information System (PIS) using Microsoft PowerApps, aimed at streamlining employee data management and enhancing internal operational efficiency
- Gained experience in low-code development and cross-functional collaboration within an IT-business alignment context and in charge of sign-off approval and documentation for the application

COMPETITIONS

Unilever Business Week 2025 • *Participant and **Overall Champions (Rank 1)*** **June 2025**

- Selected as one of the 33 participants out of 4000+ applicants nationwide and only participant from DLSU's College of Computer Studies
- Top 1 in HR and Marketing Case Studies and Top 2 in Operations Case Study out of 6 groups

DOST-NCR Smart City Design Challenge • *Top 11 Finalist and Presenter* **November 2025**

- Co-led the technical development of Pasilog, a web-based platform powered by geospatial analytics that delivers housing and community feedback insights for residents and LGUs

PROJECTS

A Comprehensive Benchmarking of Machine Learning Models Using DNA Methylation Data for Breast Cancer Subtype Classification • *Thesis Researcher, Bioinformatics Lab* **2025 - 2026**

- Conducted a comparative study of machine learning models (Support Vector Machines, Neural Networks, and Random Forest) for breast cancer subtyping using DNA methylation data, to improve accessibility in obtaining breast cancer subtypes for personalized treatment

LEADERSHIP AND ORGANIZATIONS

Encode **November 2025 - Present**
Philippines Country Lead

- Collaborated with Asia-Pacific teams, such as Vietnam, Thailand, Japan, to reintroduce Encode nationally and advance youth engagement on AI governance and responsible AI

La Salle Computer Society **2022 - 2025**
Executive Vice President – Externals • AVP – Corporate Relations • Project Head, Technology Summit 2024

- Led 5 cross-functional committees (40+ officers) and **spearheaded a shift to short-form content marketing, diversified partnerships to include non-tech (food) companies, and launched collaborative cross-organization events, driving a 220.9% increase in reach, a 320% boost in interaction, and earned a peak ranking of Top 2 out of 48 organizations**
- Headed a flagship event that attracted 310+ attendees and secured 10+ corporate sponsors and partners
- **Awarded "Extracurricular Excellence" during Women's Month for leadership in the College of Computer Studies community**
